INTRODUCTION

MAXCO ELECTROMECHANICAL LLC is a Dubai based Electro-Mechanical Company formed with the aim to be a part of the growing maintenance and project industry in UAE and MIDDLE EAST. We would like to position ourselves in the industry by providing unique tailor-made cost-effective long-term solutions to meet clients' need. We are sure that our services will help clients to improve the efficiency of their facilities and at the same time reduce operating cost as well. We can proudly say that with our experienced and dedicated service team, we have not only met customers need but always gone beyond their expectations.

The team has hands on experience in designing and implementing any kind of projects within the time frame according to the clients' need. We have a well knitted quality and safety policy and always make sure that the QHSE policy has been followed and implemented at every stages of work.

MAXCO ELECTROMECHANICAL LLC is committed to providing the best in class customer service by implementing rigorous quality standards, robust performance management system, innovative procurement strategies and continuous improvement framework to deliver value where it matters.

VISION & MISSION

VISION

To become the leading MEP company in the Middle East by executing projects in a safe, timely and quality-oriented manner, thus emerging as the most preferred solutions provider for our clients

MISSION

To offer clients a single window result to create and provide a pleasurable, healthy, resource efficient and sustainable environment for their residential, commercial, industrial, recreational and public spaces.

HSE POLICY

We aim to provide and maintain safe and healthy working conditions, equipment and systems of work for all our employees, and to provide such information, training and supervision as they need for this purpose. We are also accountable for the health and safety of other people who may be affected by our activities. The policy comprises of:-

To provide adequate control of the risks arising from our work activities.

To ensure safe handling and usage of tools.

To provide and maintain safe and healthy working environment.

To offer proper information, instruction and efficient supervision for the employees.

To prevent accidents and cases of work-related ill health.

The policy will be updated as and when the nature and the size of the business change. To ensure this, the policy and the implementation will be reviewed on a regular basis.
